RMP Direct Payment Initiative Form #2

The Resource Management Plan (RMP) program is administered by the Virginia Department of Conservation and Recreation to meet the Commonwealth's commitment to reduce nutrient loss from agricultural lands. RMP plans are reviewed, approved, and inspected by local Soil and Water Conservation Districts.

I understand that all of the required agricultural best management practices (BMPs) and conservation practices included in the RMP must be installed or implemented in order for this RMP to be certified. I understand that an RMP Certificate of Implementation assures compliance with any new state nutrient, sediment and water quality standards; in particular, regulations related to the Chesapeake Bay and all local stream segment TMDLs for the lifespan of the RMP certificate. I understand that I must continue to maintain or implement the BMPs and conservation practices in order to maintain RMP certification.

Management Plan Developer and I agree to participe the RMP for the farm(s) listed below. I understand the from the Department of Conservation and Recreation counted towards meeting Virginia's agricultural reduction I understand I am expected to maintain the BMPs are provide any requested information and records need	(name of developer), is a Virginia-Certified Resource ate, with the developer in a review of the implementation of that this developer or organization will receive compensation on for this service to assure the acres in my plan will be uction goals. Indicate the developer of accurately complete tasks associated led for the developer to accurately complete tasks associated
with inspections and maintenance of the RMP.
