Did you know? In 1933 13.6 million people were unemployed in the United States. President Roosevelt created the Civilian Conservation Corps (CCC), putting 500,000 unemployed youths to work in forest, parks and range lands across the country.

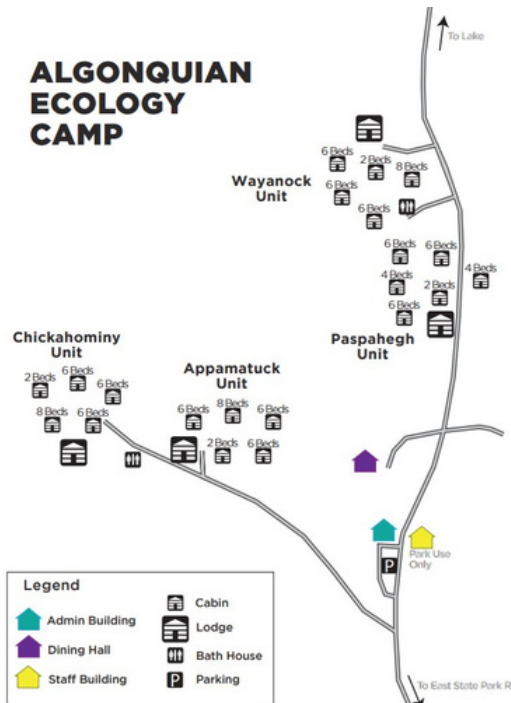

The CCC Company 2386 was organized in 1935 and built what is now known as Pocahontas State Park. Thanks to our Friends of Pocahontas that conducted yearly cabin preservation. You can stay at one of the six group cabins.
